

# Bradley Erskine

## Personal Summary

I am in my 2<sup>nd</sup> year of studying Computer science at the University of Canterbury with a minor in mathematics. I enjoy programming and math as enjoy solving problems and finding creative solutions. I enjoy competition whether it comes in the form of sports, cards, or video games. I love music whether it is listening to it or making it.

## Work History

### Dominos / Delivery Driver

August 2021 – February 2022 & January 2023 – February 2023

I worked primarily as a delivery driver constantly delivering pizzas. I also prepared pizzas, cleaned, and worked at checkout. Through this I gained skills such as customer service and working with a team

### Fonterra / Engineer December 2021 – February 2022

I worked at Fonterra last summer and my main project was to check if ladders are safe and what recommend an action. I reviewed and took photos of all the 160 ladders that I could access and updated their documents. The process involved a lot of research about the ladders and putting information I found onto spreadsheets. I also did the same thing with all the Asbestos on site to make sure it is contained and not a danger.

### Data Entry/ Office job November 2022 – January 2023

I did a lot of office jobs including typing up hand-written material into documents and converting data on paper into spreadsheets. I would have to quickly be able to summarize information on documents and turn a page into a row in excel. I also scanned documents and various other tasks.

## Hobbies

- Playing the Electric guitar
- Sports including Volleyball, Basketball and Badminton
- Playing games
- Programming games
- Watching movies
- Music
- Pool

## Dominoes Manager Reference

Name: Phil Marris

Phone: 027 261 9483
